

ENVIRONMENTAL POLICY STATEMENT

Secker & Sons (Norwich) Ltd is fully committed to the protection of the environment with a principal objective of achieving progressive improvement in its overall environmental performance. This will be achieved by focusing on the following:

- Full compliance with all relevant environmental legislation
- Clear advice to our Clients on the selection and use of energy efficient plant and equipment
- Optimisation of our use of energy, fuel and materials
- Assessment of environmental factors during the purchase of vehicles, plant and equipment
- Maximise recycling where appropriate
- Minimise the generation of avoidable waste
- Dispose of waste appropriately to prevent pollution
- Provide our staff with information, instruction and training on environmental issues
- Monitor our environmental performance

A Director of the company Mr Alan J Secker takes overall and final responsibility for environmental issues within the organisation. The specific duty to manage our policy with respect to the environment has been retained by Mr Alan J Secker. Secker & Sons (Norwich) Ltd has set as a minimum standard with respect to the environment to fully comply with all relevant environmental legislation. In addition to this the company will keep up to date with changing legislation with the target of implementing changes at the earliest reasonably practicable opportunity, but certainly no later than the legal implementation date.
